

# Michael A. Schenck Scholarship

Aeries is proud to offer our first student scholarship. Many clients have inspired us over the years that have contributed to their communities and districts. One of those inspirations came out of Konocti School District, an Aeries client for years. Michael A. Schenck was the Technology Director and his recent passing has only fueled our passion to give back to the communities we serve. Michael was known personally by our staff and is remembered for his passion for technology, environment, family and student success. So to commemorate his life and passion for technology we created this scholarship and are honored to use Michael as our inspiration. The first annual award will only be available to Konocti USD students that are in the 2016 or 2017 graduating class.

## Information
